TOTAL MAXIMUM BIDS

To have a better chance of being successful as a postal bidder, we recommend setting a limit for the total amount of your purchases (excl. 10% buyers premium): for example bidding on a range of lots totaling SAR20000.00 and setting a limit of SAR12000.00, means that the total for lots knocked down to you, will not exceed your limit of SAR12000.00. Experience has shown that postal bidders are seldom successful with all bids. You might have been interested in other lots as well, and setting a maximum limit, while bidding on more lots, will increase your chance of success.

TOTAL MAXIMUM BIDS

To have a better chance of being successful as a postal bidder, we recommend setting a limit for the total amount of your purchases (excl. 10% buyers premium): for example bidding on a range of lots totaling SAR20000.00 and setting a limit of SAR12000.00, means that the total for lots knocked down to you, will not exceed your limit of SAR12000.00. Experience has shown that postal bidders are seldom successful with all bids. You might have been interested in other lots as well, and setting a maximum limit, while bidding on more lots, will increase your chance of success.

**PLEASE NOTE - ALL LOTS HAVE A MINIMUM RESERVE OF 60% OF ESTIMATES, WHILE A FEW LOTS HAVE HIGHER RESERVES
BIDS BELOW 60% OF ESTIMATE WILL NOT BE ACCEPTED & CATALOGUES WITHHELD FROM BIDDERS!**

TOTAL MAXIMUM BIDS

To have a better chance of being successful as a postal bidder, we recommend setting a limit for the total amount of your purchases (excl. 10% buyers premium): for example bidding on a range of lots totaling SAR20000.00 and setting a limit of SAR12000.00, means that the total for lots knocked down to you, will not exceed your limit of SAR12000.00. Experience has shown that postal bidders are seldom successful with all bids. You might have been interested in other lots as well, and setting a maximum limit, while bidding on more lots, will increase your chance of success.

***** END OF SALE - THANK YOU *****
